It has become a tradition for each group to present the envelopes to the staff members at breakfast on departure day. If you decide to tip more, please add to each envelope the same percentage since there is a local pecking order. If you have questions, please ask Karissa or Kojakc.

* The \$45 transportation fee from the airport does not include a tip for your driver. A standard tip would be between \$10 and \$25 for the entire group. Though excursion costs do include transportation, they do not include gratuity.
